Timing

To get accurate times and results, **every competitor uses a MyLaps timing chip** while racing. It will be provided at registration.

Live results are available at <http://triclubdoha.com/en/results/live-timing>, updated as competitors pass the finish line.

The **timing chip must be worn around your ankle** and not on your wrist or in your pocket

For those that have rented chips for the race, you will need to provide a deposit of 500 QAR or QID. Please remember to visit the chip return desk near the finish line after your race

It is participants' responsibility to **ensure the timing chip that they wear during the race is the exact one allocated to you** on the race registration. Failure to do so may result in a delay to your race results and may result in your time not being available for the podium presentation.

TriClub Doha members must bring their own chip. No spare chips will be available on race day for non-members that forget their timing chips
